Bring Home Europe's Finest

BEKO

Intelligent Solutions for Everyday Life

International Reach

Welcome to the world of Beko home appliances, where functionality and efficiency blend in full harmony. Beko is the international household appliances brand of Arçelik Group which is the 3rd biggest household appliances manufacturer in Europe. Its products are sold in 107 countries worldwide and supported by an international network of 367 authorized distributors and 18,000 employees worldwide.

Intelligent Solutions

Beko home appliances are designed to deliver intelligent solutions to all your domestic needs - from cooling, cooking, washing and cleaning to air-conditioning or entertainment. Not only do we use intelligence in our products, but also at every contact point with our customers, from design to packaging, from distribution to sales.

Quality Products

Beko has won several international awards for quality, design and functionality worldwide. Not surprisingly, every day more than 25,000 consumers buy Beko products around the world. There are currently more than 250 million satisfied Beko customers across the globe and we hope you are next.

Welcome to the world of BEKO!

4 Reasons to buy
Beko Washing Machines

1 - Nepal's Fastest Washing Machine

BLDC Motor Technology

WMB 71441 at 1400 RPM speed is Nepal's Fastest and hence most powerful, washing machine.

Quiet Operation

Beko motors are 2.5 times quieter than those of the average Washing Machine.

3 - Safety

Child Lock

Activating the child lock option prevents any change from being made to the selected program, and also ensures the safety of your children.

Overflow Saftey

The water level sensor measures any variation from the correct water level in the durm and automatically starts draining when this level is exceeded.

2 - Nepal's Largest Washing Machine

Large Size

WMB 91242 LC at 9 kg is Nepal's Largest Washing machine, saving you water and electricity.

Automatic Water Control System

This system automatically adjusts the amount of water to give optimum performance each time, saving your scarce water and energy.

Hi-tech Heater

The Beko heating element incorporates a state-of-art nickel metal surface coating technology resulting in 50% less surface roughness, ensures perfect corrosion protection, and reduces limescale buildup by 40%. Since up to 75% of the energy used during a washing cycle is consumed for the heating process only, an efficient heater means energy and money saving.

4 - Time Management & Ease of Use

Extra Large Doors

Even the bulkiest laundry items-duvets, sheets, bathrobes etc can be easily loaded in the machine.

LCD Display

The LCD display ensures easy access to washing information such as tempreture, spin speed, wash cycle stage etc.

A+ Energy Efficiency

WMB 91242LC

Fully electronic washing machine

9 kg Load Capacity
LCD display
1200 rpm Spin Speed
Chrome door
Dimensions (HxWxD) = 84x60x60 (cm)
Available in 8kg, 7kg, 6kg & 5kg

BKT 1220

Top loader washing Machine

12kg washing capacity
With big pulsator
With upper drainage pump
Double layer
Washing program levels: Normal, Soft
Dimensions (HxWxD) = 101.7x87.6x51.0 (cm)
